

**Light to the Nations**  
FELLOWSHIP

May 2012 E-Letter

Dear Partners and Friends,

### Forgiving and Being Set Free

One of the Jaipur pastors who attended the special meetings we hosted with the Bridge Ministries International team pulled me aside after the final meeting. He shared that Dr. Malone's training on forgiveness set him and his wife free. They had recently been through a very painful division in their church losing one third of their congregation to an associate pastor. They were both struggling to forgive the pastor and find fresh inspiration to move forward in growing their church. As Dr. Malone led the group in a prayer to forgive those who have wounded them and to be set free from demonic attacks that can result from unforgiveness, this pastor and his wife were set free! It is the joy of our hearts to work with the local pastors and see them experience greater freedom and healing!

### Thank you for praying and giving!

All the costs of this two day training were paid for through donations and commitments before we began the event. Thank you! With your partnership, we are able to bring life changing training to these leaders and their fellowships in this region.

Preaching "Living in Resurrection!" on Easter in Jaipur.

Teaching on Dreams and Visions in Jaipur.

### A Great Month of Imparting

The revelation of the Father's love profoundly impacts hearts here in India. It cancels the enemy's plan to create a fatherless generation! Jesus has called us to destroy the works of the devil, and Sarah and I have seen the message of the Father's Love doing just that. It replaces the wrong foundation of performance, insecurity, and ambition with the security of knowing the Father as a beloved son or daughter. As I shared about the Father's love in Mumbai, several people wept as they experienced the Father's love pouring into the abandoned and wounded areas of their hearts.

Thank you for your prayers as we continue to minister the Father's love, and teach about dreams, visions, and supernatural healing here in India.

In His love,

*John and Sarah*

Founders of Light to the Nations Fellowship

"Expect the supernatural!" at a Jaipur Bible School.

"Welcome home to the Father's love!" in Mumbai.
